If known at this time, please provide a three-sentence description of the proposal that addresses what is being proposed, who and or what in the health system would be affected, and what the basic approach to reform would be.

Proposal – Hire an oversight group such as Savant Solutions, Co. (see <a href="https://www.savantsolutions.com">www.savantsolutions.com</a>) as professional management and oversight consultants to find private sector experts to evolve low cost, single-payer, state-run system of universal coverage. A small group of experts would select the most efficient overall running system, be it Kaiser, Medicare, Medicaid, VA, the one offered to Washington Congressmen, etc. and the state of Colorado would buy their expertise. What is crucial to success and what would be affected is the 24 person commission members that would be relegated to extended team members, but not the core team.
